

# The Snowflake Shoot

Modeled after the NASP tournaments, only Mathews Genesis Bows will be allowed in this competition. Take on other archers at your skill level to see who is the top archer of the season! Top two archers in each division will take home awards.

Don't have any equipment but you'd like to try it out? Rent one of our bows for use during the tournament for an additional \$5!

**Beginner archers** are those who have less than one year of archery experience, or have never had formal coaching in a school or private setting. Those who have *only* taken lessons at the park, may still be considered beginners depending on archer confidence.

**Intermediate archers** have had practice on their own, honing skills; have been involved in NASP team competitions, or feel confident in their shooting skills. This group may include archers who have only taken lessons at the park, but have continued practice or have been involved in leagues or past tournaments at the park level.
